

Stiftung LebensBlicke awards MD/PhD Scholarship for Research Projects

We are happy to announce that for the 4th time the **Stiftung LebensBlicke** (www.lebensblicke.de) awards scholarships to motivated and committed **MD or PhD students** in collaboration with **Prof. Dr. Cornelia Ulrich, Director of the Comprehensive Cancer Center at Huntsman Cancer Institute**. Scholarships for **6 to 12 months** are available for MD or PhD students who are interested in advancing their career in a vibrant and highly collaborative environment to join an interdisciplinary team at the **Huntsman Cancer Institute, Salt Lake City, United States**. The Stiftung LebensBlicke wants to support the career of ambitious researchers especially in **colorectal cancer prognosis, molecular diagnostics, and survivorship**.

The research includes transdisciplinary approaches to colorectal cancer prognosis, utilizing health behavior information as well as metabolomics, proteomics, epigenetics and other molecular diagnostics. The student may be involved in high standard research projects, laboratory work, publications, statistical analyses, and active participation in study coordination and grant applications.

We are looking for a MD or PhD student with the following profile:

- MD (after Physikum) or PhD student
- Highly motivated, organized and quick learner
- Excellent team player and someone who enjoys working with scientists of diverse backgrounds
- Proficient in English

The University/Huntsman Cancer Institute (HCI) is among the top NCI-designated comprehensive cancer centers in the United States and has more than 200 faculty with research teams. HCI supports a vibrant research enterprise in a highly collegial environment. HCI incorporates clinic and research in one building and allows to perform highly relevant and innovative transdisciplinary research that will advance the field of cancer prevention, diagnostic, and treatment. COVID-19 in Utah: Utah is one of few states in the United States that was able to flatten the curve of COVID-19 cases due to early implementation of social distancing guidelines and increased testing. The healthcare infrastructure is exceptional. We are happy to discuss safety and regulations with you.

Interested? Please send your CV and a brief cover letter until August 15, 2020 to:

Caroline Himbert, caroline.himbert@hci.utah.edu and Stiftung LebensBlicke, stiftung@lebensblicke.de
